VON HOLT BLOCK, 61 KING ST.

OTTO A. BIERBACH.

THE local stock market has been exceptionally dull the past week, and all attributable, so many of the brokers say, to the publication of the statement of a suspected plague case last week, coupled with the fact that buyers are awaiting the final disposition of some bills now pending in the Legislature which are detrimental to sugar interests. The chief of these is the Prendergast bill proposing a tax of \$10 a ton on sugar. No one has serious apprehensions in the matter, for the reason that the Governor's veto, sustained by the six Republican Senators, would put an end to any undesirable legislation. The weakness of the San Francisco market has also had its effect on the local market. The latest quotations from the Coast show the Island securities to be quite weak, as the following list will show: "Hawaiian Commercial sold for \$8 in San Francisco on the 20th of March. On the same day Oceanic S. S. Co. stock sold for \$5.25. Other stocks brought the following prices: Honokaa, \$31.87 1/2; Hutchinson, \$22.12 1/2; Kilauea, \$21; Makawell, \$39.75. Forty-five shares of Hutchinson sold, seller 90 days, at \$22."

A letter received on the Sonoma by a financial house here from a San Francisco broker states that Ed. Pollitz had returned to San Francisco from New York, whither he had gone to interest New York buyers in Island sugar stocks. The San Francisco broker stated that while Mr. Pollitz had failed to form a parent company to foster Hawaiian securities in the New York market, he had succeeded in placing large blocks of Honokaa, Paauhau, Kilauea, Onomea and one or two other stocks, and this would enable him to operate to better advantage in the San Francisco market. The prediction was made that within two weeks a decided improvement in the tone of the market, as far as Island stocks on the San Francisco Stock and Bond Exchange was concerned, would be noted.

This same correspondent also stated that all securities in San Francisco were weak, which is attributed largely to the fall in Oceanic Steamship stock, caused by an assessment of \$10 per share being levied. The stock dropped from 105 to 38, but has since recovered to 54 bid, 55 asked.

There were no sessions on the local Stock Exchange yesterday, being Good Friday, which was observed by all the financial institutions as a holiday. At the closing session Thursday Ewa sold at 2 1/2. There were some sales in the fore part of the week at 28. Honoum is 165 bid, 172 1/2 asked. Hawaiian Agricultural is 45 bid. A few shares of Hawaiian Sugar sold at 4 1/2, the stock closing at 4 1/2 asked. Kahuku sold at 25, closing at the same figure, asked; Pepeekeo, 185 asked; Waimea quoted at par asked; Oahu Sugar Company dropped steadily until it reached 157, there have been sales of Waialua at from 118 down to 115 1/2 on Thursday; the stock is weak at this figure. Pioneer Mill, 120 asked, with little or no dealing in the stock.

On the assessables, heavy sales were made in McBryde at 8, buyer 30 days. Straight sales of Oiaa were made at 4 1/2; a few shares of Kona Sugar Company were offered at 50, but not taken up; the closing bid on Thursday was 40. Among the bonds, sales were made of Oahu Railway at 103. There is a good demand for bonds of this kind at the same figure. Government 6's, 99 1/2 bid; Oahu Sugar Company, 102 asked; Ewa, 101 bid.

News came by the Sonoma of the appointment of an agent of the Treasury Department to come to Honolulu shortly to liquidate the Hawaiian debt. This will have the effect of placing the redeemable bonds at par at once.

## RAPID TRANSIT AND COLLEGE TRUSTEES SIGN AN AGREEMENT.

The Oahu College trustees, representing the College Hills subdivision, and the Island Realty Company, representing the large acreage in Manoa valley formerly owned by Secretary of the Territory Cooper, have made an agreement with the Rapid Transit and Land Company whereby the latter company will extend its track from the intersection of Punchou street and Wilder avenue to and through the property so controlled. The extension means much to the property holdings in Manoa valley, and brings the suburb much closer to the City than if it had to be reached by carriage.

## BRADSTREET'S ON SUGAR PRODUCTION.

Bradstreet's for March 23 has the following with reference to sugar as a staple: "Sugar is one of the few great commodities in the production of which the United States is weak and dependent," says the Review of Reviews. "In almost all of the great necessities of life—food, clothing, fuel and shelter—the country is more than self-supporting, but in the matter of sugar we are largely dependent on foreign countries. And our sugar bill is the largest by far of any of our foreign accounts—twice that of coffee, which stands next in prominence, and much greater than that for India rubber, tea, silk or hemp. Every year we pay about \$100,000,000, or \$1.35 for every man, woman and child in the country, to foreign countries for sugar. Indeed, out of more than 2,000,000 tons of sugar which the United States consumes annually, we produce a paltry 270,000 tons, mostly from the cane fields of Louisiana. This does not include the production of the new Island possessions, Porto Rico, Hawaii and the Philippines, but these would add only 400,000 tons to our production, still leaving us to obtain much more than half of our sugar from the foreigner. And all this in the face of the fact that so good an authority as Secretary Wilson of the Department of Agriculture says: 'We have no more need to import sugar than to import wheat.'"
